Dr. Hernando Tavera
Institutional Chief
Instituto Geofísico del Perú
Calle Badajoz 169
Urb. Mayorazgo IV Etapa, Ate
Lima 15012, Peru

Dear Dr. Hernando Tavera,

It is my pleasure to invite Andre Florentino, research assistant from Instituto Geofísico del Perú to attend the 2026 CEDAR Workshop to be held at the Des Moines Convention Center in Des Moines, IA from June 21st– 26th, 2026.

The workshop includes community organized breakout workshops as well as grand challenge workshops, poster session with a student poster competition, a student day, plenary sessions with science highlights, agency updates and tutorials, a distinguished lecture, and a prize lecture.

We look forward to his attending this workshop and presenting his poster entitled, Seasonal and Monthly Variability of the Daytime Mesospheric Echoes above Jicamarca from August 2023 to December 2025.

We look forward to seeing Andre there. This is an excellent opportunity to meet and talk with other colleagues in his research community.

Sincerely,

Tracey Baldwin
